
AUTOMOTIVE INDUSTRIES

The AUTOMOBILE

INDEX TO VOLUME LII

(January 1 to June 25, 1925)

Here is an accurate guide to the authoritative articles and reference data which have appeared in AUTOMOTIVE INDUSTRIES during the last six months. The publication of this index is in line with our constant efforts to make this publication of maximum service to the entire automotive industry.

INDEX TO VOLUME LII

ISSUES OF JAN. 1 TO
JUNE 25, 1925, INCLUSIVE

Jan. 1	1-44
Jan. 8	45-92
Jan. 15	93-132
Jan. 22	133-172
Jan. 29	173-212
Feb. 5	213-252
Feb. 12	253-292
Feb. 19	293-332
Feb. 26	333-446
March 5	447-486
March 12	487-526
March 19	527-566
March 26	567-606
April 2	607-646
April 9	647-686
April 16	687-726
April 23	727-766
April 30	767-806
May 7	807-846
May 14	847-886
May 21	887-926
May 28	927-966
June 4	967-1006
June 11	1007-1046
June 18	1047-1086
June 25	1087-1164

A

A. C.—How one light British car performs	507
New models announced	839
Accessories	
Accessories at New York show (ills.)	68
Sales increase in south	766
Accidents	
Accidents reduced by 4 wheel brakes	460
California motor bill creates new crime	485
Growth of motor accidents awaits solution (photos)	730
Move to decrease traffic accidents	40
1924 traffic accidents	764
Traffic fatalities show first decline	478
Acme Motor Truck Co.—Adds one ton flyer to truck line	569
Advance-Rumely Thresher Co. Oilpull tractors redesigned	466
Advertising	
Advertisers forecast a gain over 1924	245
Coordination of advertising and sales	1078
N. A. D. A. starts used car sales campaign	562
Speeds automotive progress	905
Waste in advertising	294
"What the public has come to expect from American cars."	232
Your advertising—does it cost money or bring profits?	847
A. E. A.—Generator standards	875
Air Cleaners	
Get road and laboratory tests. Discussed at S. A. E. meeting (charts)	191
Has no moving parts and no dust receptacle (drawing)	227
New air cleaner works on principle of cream separator	148
On trucks. Discussed at S. A. E. meeting (charts)	192
Airkool Spark Plug Co.—To build new plant	842
Airplanes—See Aviation.	
Ajax Motors Co.—Orders parts	604
New car described	931
Ajax Rubber Co.—Reports earnings	599
Albion Motor Car Co.—Reports profits	804
Alcohol approved as anti-freeze	222
Aluminum—Used for castings	707
Aluminum Alloys—Tests (ills.)	738
Ambassador name changed to Hertz	84
American Association of State Highway Officials. Meeting	206
American Automobile Assn.—Warns against radical legislation	38
Adds commercial vehicle department	446
Federal aid roads pay motorists well	442
Secures help of bonding bodies	290
To fight 1925 adverse legislation	246
Truck and bus operation between States	799

American Body Builders Assn.—To meet in Detroit	714
American Bumper Corp.—Upright bumper (ills.)	69
American Bureau of Welding—Elects A. G. Oehler president	798
American Chemical Society—Discusses automotive topics at meeting	680
Chemists seek answer to Question—"What is Detonation." By A. L. Clayden	696
Am. Gear Mfg. Assn.—Ninth Annual Meeting	853
American Electric Railway Assn.—Bus conference	484
American Hammered Piston Ring Co.—Taken over by McClintic & Marshall Construction Co.	839
American National Research Council. Publishing tables of physical and chemical constants	260
American Road Builders Assn.—Convention	82
American Sheet and Tin Plate Co.—Automotive demand picks up	251
American Society for Testing Materials. A. S. T. M. papers in book form	628
Andreu engine power stroke (ills.)	113
Anheuser-Busch Co.—Makes bodies	131
Apex Electric Mfg. Co.—Decree vacated	91
Apperson Bros. Automobile Co.—Straight-away eight (photo)	28
Apperson starts producing on a large scale	444
Price revisions	124
Prices reduced	834
Asbestos Brake Lining Assn.—Meeting	842
Ashland Rubber Co.—Plant leased	866
Auburn Automobile Co.—Four cylinder car	54
Sedan bodies for Auburn	566
Audi engine (photo)	101
Austin-Brandmeier Corp.—Everyman's battery charger	70
British price variations	484B
Austria—American firms must pay taxes on Austrian business	280
Auto Bed Camp Mfg. Co.—Iceless water cooler (ills.)	70
A. B. C. safety straps	70
Auto Body Co.—Locomotive bodies ordered	566
Automobile Body Builders Association—Discuss progress	995
Fifth annual convention	1007
Automobile Merchants Association of New York—Annual meeting	288
Automotive Electric Assn.—Officers elected	90
Changes recommended in auto trust laws	720
Favors release from Clayton act	838
Handbook of Electrical Equipment Standards. Published by A. E. A.	47
Returned goods topic to be probed	598
Seeks economy	685
Automotive Electric Service Association Officers elected	242
Automotive Equipment Assn.	
Analyzes causes of loss through returns	756
Automotive Fan and Bearing Co.—New combination fan and water pump unit	1064
Automotive Lighting Assn.—Formed	682
Automotive Manufacturers' Association—Plans credit service	242
Automotive equipment mart to open	803
Has program for foreign trade	597
To establish equipment mart	284
Auto Sales Corp.—Income gains	486
Auto Specialties Co.—Drednaut equalizers (ills.)	69
Aviation	
Aircraft engine weights (chart)	310
Compass making flying safer is invented (photo)	829
De Havilland baby plane (photos)	830
Development of commercial aircraft	1092
Double magneto developed for aircraft (ills.)	237

839 new planes bought by air service since 1920	522
Engineers survey aircraft situation	884
English light airplane trials	313
Europe continues to show great diversity in airplane design. By Leslie S. Gillette	510
Exported by U. S.	711
Ford air freighter makes maiden trip	722
Ford air route	801
Ford plans rapidly expanding	722
France offers cash prizes for aviation	603
Fuel-air ratio and engine performance	29
Improved airplane demonstration	759
International air races to be held in October	837
Is offered insurance protection	211
Make aviation possible, W. B. Stout urges. S. A. E. meeting	186
May stage reliability tour	686
Navy requests manufacturers' bids	879
Packard motor breaks air records	845
Packard produces new engine (photo)	187
Paris-Berlin air route	126
Plan airship service to coast and Europe	79
Plans for aviation meet	880
Safety is outstanding feature of Sikorsky plane design. By L. S. Gillette	616
Superchargers use magnesium rotors	311
Toledo lays plans for large airport	641
U. S. mail planes convertible for passenger service	906
War Dept. makes awards for plane development	560
Watch Ford plane interests	684
Axles	
New Flint bevel gear bus axle has straddle-mounted driving pinion	238
Strengthening of rear axle drive among Fordson improvements	257
Ayres, Leonard—Increasing car life is imminent danger to automotive future	105
B	
Badger Mfg. Co.—Leases machine shop	846
Baker Bros. Inc.—New boring, drilling, tapping machine	150
Balloon Tires	
Adopted by Ford	323
American and British engineers review balloon tire situation	215
and shimmying discussed at S. A. E. meeting	180
Baltzly, E. B.—Closer cooperation with gear makers may cut car builders' costs	818
Barbarino Motor Co.—New car produced	54
Barker & Co.—Portable sander introduced	501
Bassick-Alemite Co.—Acquire Commerce Company	480
Bassick Mfg. Co.—Charges patent violation	566
Batteries	
Electric heat in storage battery manufacture	277
New Battery Charger	439
Non-sulphating storage battery developed	156
Standards adopted by battery makers	920
Total of, were exported, etc.	623
Bauer taxicab exhibited at Chicago show	196
Novel door construction (ills.)	311
Bean—Prices cut	718
Bearings	
Hollow metal balls made of strips and tubing	629
New bearing fitting machine operates by hand or power	454
Novel production methods	978
Shims in engine bearings facilitate repairs	1068
Beeson, Sterling, Inc.—Formed	82
Belflex Corp., The—Shows torque arm support and mounting of rubberized fabric	271
Bement, Austin, Inc.—Organized	78

Bendix Brake Corp.—Novel four-wheel brake exhibit (ills.)	234	Buick Motor Co.		Fiat valve-in-head six desc. (ills.)	96
Benzer Corp.—Patent infringement	838	Body production to be concentrated in Flint	844	Flint Sedan desc.	805
Bergougnan Rubber Corp.—Sale planned by receiver	484a	Results of balloon tire experiments	180	Franklin series 11 desc. (ills.)	451
Berry Bros., Inc.—Introduces Berryloid, a new lacquer finish	264	Salvage plant for Buick	597	Gardner eight-in-line models (ills.)	39
C. L. Best Tractor Co.—New tractor improvements. (ills.)	314	Bull, A. A.—Commends no-bypass lubricating system	320	Guyot racing car desc. (photo)	773
To merge	802	Bullard Machine Tool Co.—Brings out new model	150	Hupmobile eight-in-line desc. (ills.)	4
Bethlehem Spark Plug Co.—Davidson visualizes strong 1925 market	480	New power-operated chuck	1056	Jay-Eye-See model (ills.)	29
Bethlehem-Splitdorf Co.—Incorporated. Organized	76	New Vert-Au-Matic, a simplification of the Multi-Au-Matic, desc. (ills.)	708	Jewett six desc. (ills.)	20
Bijur Lubricating Corp.—Chassis lubricating system ready for market (drawings)	262	Bumpers		Julian car with engine at rear of chassis	988
Bijur lubricating system applied on Packard six (ills.)	785	Federal Pressed Steel Co.—New bumper	227	Kissel eight-in-line desc. (ills.)	26
Blanchard, Donald—Overland & Willys-Knight sixes (ills.)	14	Bureau of Labor Statistics—Increase in March payroll	799	Mayfair at \$485—Greatly like Ford	559
Cunningham new model desc. (ills.)	1049	Bureau of Standards outlines dilution study at S.A.E. meeting (drawings)	188	Modern tractors (ills.)	314
Stewart Brings Out New Bus Chassis in Two Sizes	710	Burgess Battery Co.—Enlarges plant	439	Moon adds two new models desc.	754
Two body models comprise new Cleveland six line	296	Buses		Moreland six wheel truck (ills.)	313
Bodies		A. A. A. and N. A. C. C. seek opinions on truck and bus operation between states	799	Morris car desc. (ills.)	771
Body companies start additions	445	A. E. R. A. bus conference	484	Oldsmobile six engine and chassis changes (ills.)	734
Body design development	1116	Brill builds larger rail motor car with five forward speeds	461	Overland and Willys-Knight sixes desc. (ills.)	14
Discussed at S. A. E. meeting	181	Bus use growing in England	280	Revere fours and sixes (ills.)	111
Franklin body design altered, desc. (ills.)	451	Denmark has 500 buses	716	Rickenbacker 1925 line desc. (ills.)	22
French builders are extending use of fabric leather bodies (photos)	813	Development in motorbus body design	378	Rollin car (photo)	29
Getting good body design	590	Eight-wheeled, with gas-electric drive is developed, desc. (ills.)	700	Rolls-Royce "New Phantom" (ills.)	833
New body models at New York show (ills.)	48	Electric drive bus adopted in Albany. Fifth Avenue bus control acquired by Chicago	718	Two body styles is new Cleveland six line	296
Progress discussed at annual meeting	995	53,000 buses in United States	286	Wills Sainte Clair six desc. (ills.)	24
Special body welding methods, cut labor costs to minimum, by E. Schipper	652	Gotfredson brings out new chassis	245	Car life—Increasing car life is imminent danger to automotive future	105
Weymann achieves striking body design, by W. F. Bradley	660	Gotfredson bus, desc. (ills.)	489	Cars—Small cars popular in Europe	377
Book Reviews		Interstate bus line decisions less sweeping than supposed, by H. L. Cobb	508	Carver, W. L.—Chevrolet redesigned (ills.)	9
Automotive Construction and Operation	788	New bus body designed	726	Ajax car desc.	931
Automotive Electricity	788	New Jersey bus rules	89	Body design development	1116
Electrical Equipment Handbook	471	Offset power plant of Gotfredson bus increases aisle space	489	Centerless grinders now used to turn taper shanks and ball ends (ills.)	821
Elements of Business Statistics	788	Proposed specifications announced by S. A. E.	983	Cut production waste—Modernize "Improved indexing mechanism added to gear tooth grinder"	147
German Automobile Manufacturers Assn Year Book	788	Replace trolleys at Leavenworth, Kan. Sedan bodies manufactured by Field Body Corp. (ills.)	236	New G. M. C. trucks have 4 wheel brakes as standard equipment	610
Graphic Analysis for Executives	547	S. A. E. gas-electric bus session	1139	New Holley vaporizer permits use of any grade of fuel	698
Industrial Coal	547	Southern sales	941	Novel bearing production methods	978
Mechanical World Year Book	547	Stewart brings out new bus chassis built in two sizes, by D. Blanchard	710	Old habits and customs greatest obstacles in engineering progress	668
Profitable Electrical Service	547	Trailer for buses	904	Oldsmobile six engine and chassis changes (ills.)	734
Recovery of Gasoline from Natural Gas	547	Used by railroads increase 229 per cent in 19 months, by H. L. Cobb	260	Simple equipment used to machine pistons accurately	502
Sales Personality	788	Use in Holland expands	260	S. A. E. lubrication and fuel utilization session	1136
Bosch, Robert—New generators have voltage control, desc. (ills.)	576	World survey begun on bus development	601	Steeldraulic four-wheel mechanical brake (ills.)	850
Bosch, Robert Co., and Elsemann Works—Working agreement	42	Bus, J. H. Co.—Sold	677	Unusual range of operations possible with vertical automatic	777
Bourdon, M. W.—Smaller engine for Overlands in England	469	Business Survey		Case T. M. Co.—Jay-Eye-See car desc. (ills.)	29
Armstrong-Siddeley "30," desc.	982	Europe as a fertile field for American automotive products	805	Prices reduced on Models "X" and "Y"	684
British truck designed for high-speed with solid tires	584	Great activity in automotive plants	765	Castings	
Rolls-Royce "New Phantom," desc.	888	More Light Needed on Efficiency of Marketing Methods, by Harry Tipper	580	Aluminum as used for castings	707
Bradley, W. F.—Weymann new sport sedan body design, desc. (ills.)	660	Motor industry fares well at hands of 68th Congress	620	Chandler Motor Car Co.—New models (ills.)	28
Fiat four-cylinder car, desc. (ills.)	770	1924 income statements show profits don't follow production lines. By N. G. Shidle	487	Central Administration of Motor Trucks—Organized	43
French builders are extending use of fabric leather bodies (photos)	813	Planning future business from past sales trend	937	C. G. Spring & Bumper Co.—Financial report	129
Lavaud automatic transmission	1058	Stocks low in Detroit factories	556	Chase, Herbert—Smoother performance in new car designs	2
Brakes		Tire stocks at low point	758	All gear shifting eliminated on new gas and electric Yellow coach	456
Accidents reduced by four-wheel brakes	460	Cadillac Motor Car Co.—Ketterling addresses banquet	38	Bus design develops—1924	378
Hydraulic servobrake patented in England	237	Changes in the Cadillac	54	Cast iron valve heads can be welded to steel stems	533
Mechanical and hydraulic forces combined in new brake (ills.)	779	Elects L. P. Fisher president	763	Chassis lubricating system developed by Bijur is ready for market (ills.)	262
Multiple disk type of brake invented	235	Five-passenger coach (ills.)	27	Lacquer finish problems	1102
New device equalizes braking torque on opposite sides of car	266	Unsprung weight in Cadillac chassis reduced (ills.)	278	Major units of new Indiana truck easily detachable	496
Quarter-elliptic spring adapted for front brakes	137	California Automotive Protective League—Formed	129	"What 'Ket' Saw and Heard in Europe and Africa"	223
Rolls-Royce may use air brakes	463	California Motor Vehicle Conference—Gasoline tax opposed	131	Valentine makes improvements in lacquer finishing	873
Self-energizing brake shoe developed in England (ills.)	234	California 1924 sales totaled 174,000	205	Chassis design at New York show	66
S. A. E. brake session	1128	Sales affected by proposed legislation	212	Bus chassis planned by Studebaker	674
Steeldraulic four-wheel mechanical brake (ills.)	850	Claims largest automobile investment	209	Lubrication developed by Bijur (ills.)	262
Tells of air brake of unusual design	519	Camshaft—Designing simplified by Graphical method	544	Chevrolet Motor Co.	
Briggs Mfg. Co.—Financial report	800	Canton Art Metal Co.—Get Holmes Co. plant	124	Chassis changes	756
Brill Co.—Trial run made by rail car	122	Carborundum Co.—Portable, power-operated sanding machine	990	Chevrolet redesigned (ills.)	9
Brill builds larger rail motor car with five forward speeds	461	Carbureters		Displays at dealer meetings	208
Brousseau, A. J.—American Merchant Marine	929	Juhasz carburetor desc.	1033	More price cuts in English cars	718
Brown-Bouveri Co.—Seeks to invade U. S. field	323	Recent British tests throw light on carburetion requirements	626	New mixture distributor described (drawing)	219
Brown & Sharpe Mfg. Co.—Motor is built into base of new milling machine	468	Car descriptions		Quota system of retail selling	861
Buda Co.—New six-cylinder engine	845	Ajax car desc. (ills.)	931	Six per cent purchase plan sales	760
Budd, E. G., Mfg. Co.—Get Liberty motor plant	478	Armstrong-Siddeley "30" desc. (ills.)	982	Chrysler Motor Corp.—Output for 1924	42
Special body welding methods cut Labor Costs to Minimum, by J. Edward Schipper	652	Cadillac coach (ills.)	27	Increase in sales	762
Budd Wheel Co.—Buys Columbia Motors Company	474	Chandler's new models (ills.)	28	Maxwell transfer	1038
Buessing engine (photo)	102	Chevrolet redesigned (ills.)	9	New financing plan	1157
Drawing of chassis	104	Comparative specifications of cars with new or redesigned chassis	3	Citroen Automobile Co.—Branch in Milan	41
		Cunningham new model desc. (ills.)	1049	Drops Sahara plan	120
		Dodge coach finished in lacquer (illa.)	27	Reduces prices on models in Britain	484a
		Fiat four cylinder car desc. (ills.)	770	Starts work on Milan factory	243
				City Planning	
				Active Body Needed in Every Town—by A. Macauley	138
				Clayden, A. Ludlow—Chassis design (ills.)	66
				Chemists seek answer to question—"What is Detonation"	696
				Problem of satisfactory all-year-round engine lubrication—part 1	810
				Problem of satisfactory all-year-round engine lubrication—part 2	865
				Shims in engine bearings facilitates repairs	1068

96	Cleveland Armature Works—New buffing and polishing machines are chain driven	699	Delauncy-Belleville-British car producers cut prices	557	Edison Co.—Truck show	443
451	Cleveland Automobile Co.—Six-cylinder model at the show	56	Delco Light Co.—To take over Dayton factory	761	Eisemann Magneto Corp.—Acquires Duplex engine	88
773	Flat rate system announced	803	De Luxe Products Corp.—Start new piston plant	560	Electric Autolite Co.—Gas-electric to be manufactured in Detroit	879
29	Piston rod bearings die cast in place (ills.)	859	Dennis Wire & Iron Works—To manufacture Lupton products in London	765	Elkhart Motor Co.—Exhibit new body on 8-chassis at Chicago show	197
20	Two body models in new six line (ills.)	296	Department of Commerce—Personnel changes in Automotive Division	561	Employment	
988	Cleveland Automatic Machine Co.—Brings out new automatic screw machine (ills.)	312	Derby Motor Car Ltd.—Canadian production	720	Business better in Cleveland	520
559	Clutches—Advantages and disadvantages of single plate	1017	Deschamps, H.—German automotive industry faces fight for existence	470	Detroit employment gains	485
314	Coatings		Descombres auto body lock—Introduced here	271	Find employment conditions good	561
754	Eastman Kodak Co. produces new paint	323	Design		Reports automotive employment gaining	476
313	Kodalak pyroxylin lacquer and thinner	791	Body design development	1116	Systematic employee training	1026
771	Lacquer finishes improved by Valentine	873	Body design discussion at A. B. B. A. convention	1007	Tire activity attracts laborers from South	485
734	Lacquer finish problems	1102	Steady progress, few changes in car design, by P. M. Heldt	354	U. S. survey shows employment gains in automobile industries	168
14	Lacqueroid finishing system	12	Detroit Machine Tool Co.—Motor drive one feature of new centerless grinder desc. (ills.)	500	Engineering	
833	Latest lacquer finish called Berryloid (Berry Bros.)	264	Detroit Steel Products Co.—Bus spring (ills.)	736	Research instruments demonstrated at S. A. E. meeting	173
296	New Pyroxylin finish	781	Diamant, N. S.—Design of evaporative cooling systems	304	Chemists to discuss industry's problems	605
24	Rubbing process is shortened with new car body finish	655	Dickerman, W. C.—Paper on piece work system	1070	Determination of stress distribution	1021
105	Sherwin-Williams lacquer	936	Dierfeld, Benno—Berlin automobile show (ills.)	100	Instrumentation progress seen (drawings and photos)	183
377	Cobalt—Use of	229	Dillon, Read & Co.—Buys Dodge Company	635	Research	1088
9	Cobb, H. L.—Increase of buses used by highways	464	Glives E. G. Wilmer membership	764	Tire problems	1062
1116	Interstate bus line decision less sweeping than supposed	508	Dilution, new facts about, discussed at S. A. E. meeting (drawings)	173	Engines	
821	Motor industry fares well at hands of 68th Congress	620	Must be checked to reduce engine wear	1107	Aircraft engine weights (chart)	310
447	Collins, J. H.		Dixi generator (photo)	101	Andreau engine power stroke (ills.)	113
147	Speaks at N. A. D. A. convention	214	Distribution		Buda six-cylinder engine	845
610	Manufacturers must help dealers	892	17,726,507 Motor Vehicles in U. S.—Gain is 2,413,849 or 15.8%	348	Company to produce new type turbine	436
698	Columbia Motors Co.—Sold to Budd	474	3,634,272 motor vehicles outside of U. S.—World total, 31,360,779	343	Determination characteristics of high-speed engines	1099
978	Comings, A. V.—Business forecasting	937	Dix, E. H., & A. J. Lyon—Comparative tensile properties of aluminum alloys (ills.)	738	Determining the power required for motoring an engine	812
668	Commerce Motor Truck Co.—Acquired by Bassick men	480	Doble Steam Car Co.—Doble secures writ staying proceedings	42	Engine blocks completely machined in one multiple tool operation	272
734	Company to produce new type turbine	436	Dodge Bros.—Coach finished in lacquer (ills.)	27	Details of engines at New York show (ills.)	62
502	Competition (general) 1925 prospects	202	Canadian plant to start in February	80	Machine tests engines at Morris plant (ills.)	308
1136	Conditions		Changes in personnel	77	Monsen four-cylinder engine (ills.)	111
850	Business good and getting better, factories optimistic, by N. G. Shidle	687	Confidence in future of industry shown by Dodge purchase, by N. G. Shidle	647	Offset powerplant of Gottfredson bus increases aisle space	489
777	Improvement in 1925 predicted by Reeves	561	Dodge company sold	635	Six cylinder latest Lycoming addition	662
29	M. A. M. A. survey shows increased business for 1925	678	Dodge history reads like Arabian nights	635	Technical history of gas-electric drives, by P. M. Heldt	529
684	World buying power is increased	622	Dodge stock issued	675	Tests on 12 hp. low speed gas engine	575
707	Connecting rod discussed by S. A. E.	761	New coach model at show	56	Use of motors planned by B. & O.	484d
28	Cleveland piston rod bearings (ills.)	859	1924 output	78	Engine vibration	135
43	Continental Motors Corp.—Financial report	85	1924 production	322	Wills Ste. Claire busy producing new six	478
129	Gets four large contracts	485	Not troubled by ban in Michigan	838	England	
533	Convention speaking	1029	\$146,000,000 check that bought Dodge (ills.)	832	Abolished automobile duties have little effect on English imports	265
262	Cooling systems		Sale of bonds completes financing	721	British 1925 market to continue open	170
1102	Many variations possible in design of evaporative cooling systems (ills.)	304	Sales and earnings, 1919 to 1924—Cars sold—Net sales—Net income	675	Bus use growing in England	280
496	New combination fan and water pump unit	1064	Shipped 225,104 in 6 months	283	English law changes would help U. S. cars	35
223	Copper—Automobiles to use more in 1925	438	Dominion rubber system—Prices reduced	721	Estimated production for 1924	131
674	Corduroy Tire Co.—New tire for trucks and buses	867	Dorris Motor Co.—\$115,000 bid at auction	840	Exhibit ban arouses Canada's ire	208
262	Coupling		Dreher, Carl—"The Executive"	666	McKenna duties	919
756	Superflex shaft coupling introduced in England	269	Drills—Ingersoll-Rand wood drilling machine, desc. (ills.)	709	Rate increases voted at United Kingdom meet	83
208	Covert Gear Co.—Plant sold	520	Drives—Final drive truck data shows changes	385	Revival British duties	984
718	Crankshafts		Duerkopp chassis (photo)	100	Ethyl gas—Danger slight	207

Races

A. A. A. announces races schedule for 1925	248
Culver City race ends after crashes.	441
Darracq wins at Miramas	658
De Palma makes record in Chrysler.	132
De Palma wins at Tauroufau	606
Earl Cooper wins Charlotte race.	883
Front wheel drive at Indianapolis.	894
Grand Prix permits American entries.	883
Guyot racing car desc. (photo)	773
Guyot specials entered for Indianapolis race	292
Grand Prix to be held on Spa circuit.	108
Indianapolis race won by DePaolo.	970
Milton wins 250 mile race.	479
Racine Tool and Mfg. Co.—Offers new Duplex band saw	270
Radiators—Designs for steam cooling (ills.)	304
"German Silver" radiator shells	591
Radio—Goodyear has new radio station.	126

Railways

Brill rail car makes trial run	122
Gasoline railcars	885
Motor car use extended by P. R. R. in repair work	443
Ramspring Bumper Co.—Royal Super-spring bumper	69

Registration

17,726,507 motor vehicles in country, (gain is 2,413,849, or 15.3 per cent)	348
3,634,272 motor vehicles outside U. S. (world total, 31,360,779)	343
and Census Bureau valuation	165
Canadian motor registrations	161
1924 valuation	248
Preliminary survey for 1925 (table).	79
Registration of cars and trucks, Dec. 31, 1924 (tables)	93
Reliable Motor Truck Co.—Sold	840
Renault reduces prices	804
Reo Motor Car Co. introduces new roadster at Chicago show.	197
Coupe announced	918
Reo sedan priced at \$1,645	877
Reports increase in foreign business.	210
Two-ton truck desc.	1025
Republic Motor Truck Co.—New three ton truck	521
Cab arrangement feature of new truck (ills.)	816
Republic Rubber Co.—To sell Knight plant	124
Research, see Engineering.	
Rickenbacker Motor Co.—1925 line (ills.)	22
Has control of Trippensee Body Corp.	87
Rims—Tests show drop center rim in favorable light	618
Wheel rims reduced to few forms	656
Rim and Wheel Distributors Assn.—Formation	1155

Roads		60 day developments may decide 1925 profits	807	Sparks Withington Co.—Financial report	805
642 Another good roads victory won—keep plugging, by R. L. Cusick	570	S. A. E. highway safety session	1127	Spicer Mfg. Co.—Financial report	516
840 California finishes unit of road	128	Turn the spotlight on your dealer educational work	133	Spiro, Walter J.—Invents multiple disk type brakes	235
877 Chicago Convention of American Road Builders Association	140	N. A. D. A. gets new recognition from car manufacturers	213	Splitdorf Electrical Co.—Develops double magneto for aircraft (ills.)	237
644 Concrete roads greatly reduce tire wear	670	What price highways?	109	Spotlight Mfrs. Assn.—Name changed	77
567 Cups contemplates highway campaign	804	What should delivered car prices be allowed to include?	868	Spring covers—Metal spring gaiter (ills.)	104
37 Egyptians to study U. S. road building	285	Wheel shimmy bone of contention at annual S. A. E. meeting	173	Springs—Special type bus spring (ills.)	737
39 Federal aid bill reported to Senate	132	Yes, yes; but who are the boys?	614	Standardization issue of 1925	202
599 Railway beds may become truck roads	77	Shipping—Changes in regulations discussed	720	Battery makers adopt standards	920
322 Senate passes road bill	288	Loading anchor device (ills.)	817	Bus generator standards	874
336 South plans to spend \$4,000,000,000	446	Texas railroads feel effect of shipping via trucks	844	Discusses standards for auto frames	518
Roamer Motor Car Co.—Exhibits straight "Eight" at Chicago show	197	Unit container system of shipping freight (photos)	742	Effectuated by state highway officials	206
607 Rochester Bearing Co.—Rochester firms consolidate	438	Shock Absorbers		Gear standardization	853
240 Rockford Tool Co.—New machine for rubbing, polishing and sanding desc. (ills.)	151	Lovejoy improves hydraulic shock absorbers	236	New proposals laid before S. A. E. standards committee	1065
566 Roland & Koch—Wins patent infringement suit	800	Shop equipment		of number plates attempted	298
729 Rollin Motors Co.—Two-door brougham (photo)	29	Machine built to grind brake drums	551	Silent chains and sprockets urged	518
81 Rolls Royce of America—Belnap resigns as head	715	Motor drive one feature of new Detroit centerless grinder	500	Standard colors for foundry patterns	747
797 Elects H. J. Fuller as president	759	Portable sander introduced	501	Standardization of milling cutters	709
479 Rolls-Royce Ltd.—Patents air brake "New Phantom" desc.	888	Rubbing, polishing and sanding machine desc. (ills.)	151	Standardization of silent chains and sprockets urged	518
632 Ross Gear & Tool Co.—Steering for Fords (ills.)	71	Shows—Foreign		Three sizes of bus generators fixed as standard by A. E. A.	506
282 Ross Gear & Tool Co.—Steering for Fords (ills.)	71	Berlin automobile show (ills.)	100	Tire size standards	922
438 Rover—Prices cut	484b	English shows announced	677	Standard Truck Co.—New Fisher fast freight	149
978 Rubber		French not likely to hold 1925 show	292	Stanley Motor Carriage Co.—Smaller car	61
Crude rubber may be grown in U. S.	684	Montreal show breaks Canadian record	204	Stanton, Dr. T. E.—Proves piston ring lubrication is of boundary type	276
Crude rubber prices increased	879	Olympia motor cycle show set for Sept.	284	Star Rubber Co.—Sales increase	484b
Crude rubber situation	1037	Olympia show dates advanced three weeks	477	Coupler model at \$625	761
Rubber consumption increase	781	Shows—General		Starter—Inertia type starter for airplane engines developed	137
Shortage	959	Argentine congress postponed to fall	557	Self starter of charge injection type	463
Value 1924 exports	248	Associations join for Detroit event	480	State vehicle laws—Conference seeks uniformity	220
Vulcanizer rubber life increased by new preparation	265	Business is good at Boston motor show	566	Steam cooling—N. S. Diamant's paper at S. A. E. meeting	193
Rubber Assn. of America—Officers elected	76	Chicago show desc. (photos)	194	Experiments furthered—Steam cooling	245
Discussion crude rubber situation	1037	Cleveland show sells 1200 cars	207	Says steam cooling has little effect on power output of engine	590
Rub-Tex Products Co.—Buys Premier plant	518	Cleveland show stimulates optimism	208	Steel	
Rumpler engine (photo)	100	Denver show starts buying by farmers	477	Automobile sheet price trend lower	485
Rushmore, S. W.—Steam heater designed for passenger vehicles	542	Detroit show mainly body exhibit	163	Car makers placing large steel orders	559
Russell & Co.—Offer four tractor models	317	Detroit show eclipses past selling records	207	Steel casting annealing not new process	320
Russia—Selling cars to Russia	107	51 cars and 22 trucks to be shown in Boston	484	Effects of sulphur, phosphorus, carbons, manganese and silicon on steel	267
S		List of exhibitors at Chicago show	125	Steel bodies—Discussed at S. A. E. meeting	181
Safety—S. A. E. highway safety session	1127	Many purchase at Cincinnati show	163	Steedraulic Brake Co.—Incorporated	838
Saintin, M.—Self starter of charge-injection type is introduced	463	Milwaukee show establishes record	204	Stewart Motors Corp.—Announces new two-ton unit	642
Salesmanship		Mission from Mexico see show	87	Brings out new bus chassis built in two sizes	710
English serve tea at gas stations	716	N. A. C. C. show	944	Storage battery separators	870
Price or quality wiser selling argument?	900	Newark show has record attendance	122	Stoughton Wagon Co.—New model	445
Salesmen		New sales heads appear at show	77	Gets new capital, activities to be broadened	519
Manufacturers must help educate the retail automotive salesman	782	New York motorcycle show (ills.)	300	Stout Metal Airplane Co.—W. B. Stout explains plans at S. A. E.	186
Saws—New Duplex band saw produced	270	1926 New York show to be held in Palace	484a	Identified with automobile interests (photos)	767
Schenuit, F. G. Co.—To manufacture tires	484	Notes of the New York show	88	Receives orders for planes	837
Schipper, J. E.—Special body welding methods desc. (ills.)	652	Novel service meet held at Lycoming	645	Stroboscope—studying rapid motion	591
Schrader's Sons—Tire pressure gauge (ills.)	70	Rochester reports record attendance at show	204	Studebaker Corp. of America	
Schools		Seattle salon attracts large crowds	212	Adds four new body types	287
Oakland inaugurates school for dealers	83	Silver Jubilee show (ills.)	45	Bus chassis planned	674
Seaman Body Corp.—Increases production	282	Statistical picture of seven New York shows (tables)	61	Changes closed car prices	726
Seiberling Rubber Co.—Declares dividend	86	Trade days to become fixed feature	74	Financial report for first quarter	800
Revolutionary Tire Process Described	560	Sibley, H. H.—Stock market prices	1030	New trade-in policy	1081
Selden Truck Corp.—Develops new 2 1/4 ton light speed truck	161	Simons, G. O.—Business forecasting	937	Reduces prices in England	287
Plant sold for \$450,000	562	Society of Automotive Engineers		Three models added to line	639
Starts productions	840	Allen will talk at New York meeting	290	Stutz Motor Car Co.—Robbin-Chrome finish	61
Service		Announce proposed bus specifications	983	Exceeds quotas	756
Dealers and service, two aspects of marketing	353	Annual banquet	123	Revises prices on entire car list	594
Metallurgy in relation to service	744	Annual meeting—Wheel wobble, instruments for research, fabric bodies, dilution facts, etc.	173	Sued by Weidley Motors	210
Shelton, Sam—Dealer failures decreased	114	Balloon tire standards	839	Sunbeam Motor Car Co.—New model rated at 120 hp.	860
Indianapolis race won by DePaolo	970	Burkhart becomes research manager	474	Superchargers—At Indianapolis race	973
Sherwin-Williams Co.—Lacquer application	936	Connecting rod discussed at Cleveland Section	761	Duesenberg supercharger	1034
Shidle, Norman G.—Smart bodies with dazzling colors at Silver Jubilee show	45	Detroit convention	161	Swift Products Co.—To manufacture hoists	845
Automobile business has its best days ahead	254	Die castings subject of Section	596	Swinehart Tire & Rubber Co.—Reports good year	605
Business good and getting better, factories optimistic	687	Discuss new car designs	90	T	
Capacity and demand: will they meet or will the gap widen?	567	Discuss standard for auto frames	518	Tables of physical and chemical constants. Being published by International	260
Chas. W. Nash story	1012	Headlight regulations	950	Tariff, see Taxes	
Confidence in future of industry shown by Dodge purchase	647	Hears results of reaction tests	442	Taxes	
Manufacturers must help educate the retail automotive salesman	782	Horning announces committees for 1925	174	Automotive taxes less than year ago	806
Merchandising methods	891	Membership scope extended	175	British reimpose duties	797
1925 production policy fruitful	729	Metallurgy in relation to service discussed at Metropolitan Section	744	California takes up motor taxes	128
1924 income statements show profits don't follow production line	487	New proposals laid before Standards Committee	1065	Campaign	755
Our industry today—Let's look at the big automotive picture	334	New standards are formulated	154	Gasoline tax adopted by majority of states	206
		Paper on unconventional transmissions	1052	Gasoline tax rejected by New York	804
		Piston rods of different designs machined on standard set of tools	824	Highway taxes	714
		Program completed for tractor meeting	723	Makers urge repeal of war motor taxes	758
		Research started in engine lubrication	723	Repeal of war motor taxes urged	623
		Summer meeting	1120	Swiss tariff is approved	880
		South Africa needs cheaper petrol, good roads and better servicing—M. Edward	198	Tax elimination urged	484b
		Spark plugs—New French connector introduced	271	War tax should go, Coolidge declares	109
				What price highways?	109
				Taxicabs	
				Gottfredson now building taxicabs in Canada	491
